

ADD, ADHD, LD, Dyslexia, IEP...?

# We Unwrap the Labels!

RCA's unique methodology for educating children who have been labeled with learning difficulties may be able to help your child. Students are integrated into traditional classrooms to help them mainstream and remove the stigma with which they have been labeled. Our safe, nurturing environment helps them develop and thrive.

## Read what others have to say:

"As an educator and psychologist, I know the quality of education and nurturing environment that the staff provides. When my son experienced some learning difficulties, I **sought out RCA because of its approach to mainstreaming. RCA is committed to educating its students, not labeling them.**" --RCA parent

"Having worked with children with learning disabilities in both public schools and in Redemption Christian Academy, **it is amazing to see what a little one-on-one tutoring, patience, and a caring staff can do to help these students excel.** I had the pleasure of working with a 14 year old student from Liberia. When she arrived at RCA, she was unable to read. By the end of the school year she was able to read. She is currently in the process of writing a book." --L. Lewis, MSW

"**RCA has done wonders with my autistic grandson.** I was told he would not be able to learn to read and he had difficulty with communication. Now he is working independently, and he is able to communicate with his peers." --RCA parent

Current research points to the importance of diet in children with learning difficulties (<http://www.naturalnews.com/001868.html>). RCA's holistic approach to addressing your child's needs includes an option of incorporating healthy natural and organic foods into the meal program. This option as well as other special dietary requirements may be provided for an additional fee.

**Redemption Christian Academy's effect on students is seen by countless transformed lives.** Our motto says it all: **Redemption Christian Academy is more than a school...it's preparation for life.**
